

Bringing Continuing Education to You

A free program for our professional partners: earn your continuing education credits at our next interactive webinar!

Establishing Boundaries with Family Caregivers: An Ethical Discussion

Tuesday, June 15 | 12-1:15 PM

Boundaries are the invisible line between providers and patient. It is critical to establish boundaries early, reinforce them often, and know if and when to make an exception. How do we balance offering empathic clinical services while maintaining appropriate, professional boundaries? Join us for practical talk on how to improve your boundary skills with family caregivers of older adults as a clinician and manager.

Presented by
Jennifer L. FitzPatrick
MSW, LCSW-C, CSP of
Generations Health
Education

1 Hour of CE Credit - Continuing Education Credit is approved for the following professions: Social Workers and Certified Case Managers.
